SPOKANE, WA 99205

Dear Educator,

Please consider this letter, on behalf of the Interservice Recruiting Council (IRC) to be an official request for directory information on students enrolled in your school district. Specifically, we are requesting the full name, address and phone number for all currently enrolled 12<sup>th</sup> grade (class of 2005) and 11<sup>th</sup> grade (class of 2006) students. If the information could be listed under each high school it would be helpful. If possible, please provide this information in comma delimited text file, ACCESS, or EXCEL. You may email or send a 3.5 disk to my office at [Joseph.Jenkins@usarec.army.mil](mailto:Joseph.Jenkins@usarec.army.mil).

Should you have questions regarding this request we have attached a copy of Public Law 107-107, Sections 544 and 9528, (relevant portions of the legislation commonly called "No Child Left Behind").

We understand that this information is to be used solely by the military recruiting services for providing students information concerning training, employment, and scholarship opportunities available through the military. I understand this information is confidential and cannot be released to anyone outside my organization.

Please feel free to call me. My office number is: (206) 764-6972 Fax: (206) 763-2229. Thank you for your time and assistance in this matter.

Sincerely,

A handwritten signature in black ink that reads "Russell J. Vaucher".

Enclosure  
Excerpt from HR 1 - Education Reform Bill

ANNEX E  
FACT SHEET EDUCATION REFORM BILL

HR 1 - Education Reform Bill

On 8 Jan 2002, the President signed the Education Reform Bill. The bill contains the section below that requires secondary schools to provide directory information to military recruiters. This section is similar to the Section 544 of the FY02 NDAA. This section also requires the Secretary of Education to notify principals, school administrators, and other educators about the requirements of this section.

All schools that receive funding under this new Act must provide the equal access to recruiters. There is, however, no penalty (withholding of funds) if the school does not comply.

**H.R.1**

To close the achievement gap with accountability, flexibility, and choice, so that no child is left behind.

**SEC. 9528. ARMED FORCES RECRUITER ACCESS TO STUDENTS AND STUDENT RECRUITING INFORMATION.**

(a) POLICY-

(1) ACCESS TO STUDENT RECRUITING INFORMATION- Notwithstanding section 444(a)(5)(B) of the General Education Provisions Act and except as provided in paragraph (2), each local educational agency receiving assistance under this Act shall provide, on a request made by military recruiters or an institution of higher education, access to secondary school students names, addresses, and telephone listings.

(2) CONSENT- A secondary school student or the parent of the student may request that the student's name, address, and telephone listing described in paragraph (1) not be released without prior written parental consent, and the local educational agency or private school shall notify parents of the option to make a request and shall comply with any request.

(3) SAME ACCESS TO STUDENTS- Each local educational agency receiving assistance under this Act shall provide military recruiters the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers of those students.

*Letter to Recruiters requesting they attend Military Week*

September 7, 2006

Military Recruiters,

I would just like to take a moment to THANK YOU all for assisting our students in finding a direction that is suited to their skills and needs. Your help in these areas have been beneficial in many ways and I see it particularly in the long-term goals for students.

It's time again for MILITARY WEEK AT NORTH CENTRAL HIGH SCHOOL. Attached are the posters announcing the event during both lunches first and second semester. **PLEASE MARK THIS ON YOUR YEARLY CALENDAR, AS I WILL NOT BE ABLE TO SEND REMINDERS.** When changing recruiters, please see that the new recruiter has these dates. We value your time informing our students on the various options available to them after graduation. This past year, a number of the recruiters did not make it to our MILITARY WEEK, even after being notified by phone and receiving this letter at the beginning of the year. We know your message is important and hope you can plan your schedules accordingly.

This is to confirm your visitation dates outside the library in the hallway, see the attachments. As always, there will be a table for you directly outside the Library in the main hall. Chairs are available in the Library and please return those chairs before you leave.

To keep our teachers supporting the military services, please be sure and end your visit when the bell rings at first lunch and second lunch so that students are able to get to their next classes before the five minute bell rings.

I plan to advertise MILITARY WEEK for two weeks before your scheduled visit date in the daily bulletin. Also will have posters at various bulletin boards around school. I continually refer students to your phone numbers and e-mails for direct contact and questions, so please call me if your phone number and address has changed.

I wish I had more time to visit with each of you regarding your various programs, but my time is becoming less accessible as the years go by. If you can prepare handouts that explain the new changes and programs, I could read them and call you if I have any questions. Please continue to send in yearly updated scholarship packets as I advertise these monthly.

I know how valuable you are to our students and I appreciate your hard work. Thank you for participating in our semester programs and for caring about our students.

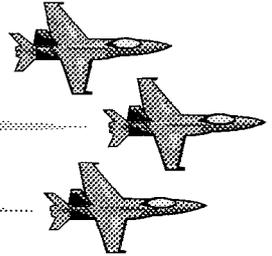

Sincerely,
